

# How it Works

## **Residents of the Rosendale-Brandon School District**

Full time enrollment is offered to students grades 6-12 enabling them to take all of their classes online. Part-time enrollment is offered to students grades 9-12 allowing them to take some classes online that aren't offered at Laconia High School.

Resident students who are enrolled full time either online or online/on site are eligible to participate in all athletic and co-curricular activities following district policies and guidelines.

Home Schooled students, grades 6 – 12, may take up to two courses per semester. Home school students must register with the Rosendale-Brandon School District, however, they are not eligible to participate in athletic and co-curricular activities.

## **Non- Residents of the Rosendale-Brandon School District**

Full Time Open Enrollment is available to students grades 6 -12 who live outside the Rosendale-Brandon School District boundaries. Students must apply for open enrollment through WI Department of Public Instruction. Students must take online classes onsite at Rosendale-Brandon Middle Schools or Laconia High School. Students are eligible to participate in athletic and co-curricular activities following district policies and guidelines.

Part Time Open Enrollment is available to students grades 9 -12 who live outside the Rosendale-Brandon School District boundaries. Students must apply for part time open enrollment through WI Department of Public Instruction. Student may take up to two classes at a time online. Student takes all other classes in their resident district. Students are not eligible to participate in Rosendale-Brandon's athletic and co-curricular activities.

The district has the right to limit number of students participating in Virtual Online Learning Option.

## **Cost**

Virtual students are responsible for paying the District's annual fee for textbook rental, supplies, and computer use. Optional materials and technology is the responsibility of the student and his/her parent/guardian. Computer and internet access are not provided by the district.

## **Local Education Guide (LEG)**

Each student is provided a Local Education Guide who will monitor student progress and touch base with the student regularly. The LEG may also be a liaison between the student and the virtual course instructor when problems arise.

## **Student Commitment and Timelines**

Students must commit to completing any virtual course taken within the agreed time period, not to exceed five months (Recovery Courses may have different timelines). To be considered a full time Rosendale-Brandon Virtual Online Learning Option student, a student must successfully complete at least one grade level per calendar year. The Rosendale-Brandon School District in consultation with the student, the LEG, virtual teacher, parents and school administration will determine if the student will be successful in the virtual course environment within the first 14 days of the course being started. If a

student drops or decides not to continue the virtual course within the 14 day limit noted above, courses can be dropped. **Students who drop, fail to complete, discontinue or fail virtual school courses may jeopardize their continued enrollment in virtual education opportunities. Students who drop after the deadline date, fail to complete, discontinue or fail virtual school courses will be required to reimburse the Rosendale-Brandon School District for expenses incurred for the virtual school course.**
