STUDENT HANDBOOK

Mission: The mission of the Rosendale-Brandon School District is to assure that all students acquire the skills, knowledge, and character necessary to become responsible, adaptive, and engaged citizens.

**For safety reasons, NO book bags
or coats will be allowed in classrooms.**

Introduction

Laconia High School is home to students in grades nine through twelve. These four years are very important in a student's life in regard to preparing him/her for the future. It is a time when students make great strides from adolescence to young adults. We promise you that the faculty and staff at Laconia High School will do their very best to help every child reach his/her full potential and to be the best that he/she can be.

Students are the most important people in our business, and they are not an interruption of our work but the sole purpose of it. Students are deserving of the most courteous and attentive treatment we can give them. They are the future of this and every other institution in society.

The purpose of the Student Handbook is to help students and their families become familiar with the school and expectations by faculty and staff. It will answer many questions or concerns that students and parents may have during the school year. Please read the information carefully and discuss it at home. Parents, if you have any questions or concerns, please call school. Students, if you have questions, ask your parents, teachers, or principal.

COUNSELING DEPARTMENT

Laconia's school counselor is available to meet with students. The overall purpose of the counseling program is to help students make a good adjustment to high school, assist with their school/personal problems, and to help students get the most out of their high school years while preparing them for a future beyond high school. Information about college and vocational-technical schools, their requirements, programs, costs and how to apply for admission is handled through the Counseling Department. Students may also obtain information about opportunities in the military service in the counseling office. The financial aid process and information on many scholarships is a part of the counseling function.

EQUAL EDUCATIONAL OPPORTUNITIES

The School District of Rosendale-Brandon is committed and dedicated to the task of providing the best education possible for every child in the district for as long as the student can benefit from attendance and the student's conduct is compatible with the welfare of the entire student body.

The right of a student to be admitted to school and to participate fully in curricular, co-curricular, student services, recreational, or other programs or activities shall not be abridged or impaired because of a student's sex, race, color, religion, gender, sexual orientation, age, national origin, ancestry, creed, disability, military or veteran status, political affiliation, pregnancy, marital or parental status, physical, mental, emotional or learning disability or hardship, or other basis prohibited under state and federal law.

Children of homeless individuals and unaccompanied homeless youth (youth not in the physical custody of a parent/guardian) residing in the District shall have equal access to the same free, appropriate public education, including comparable services, as provided to other children and youth who reside in the District. Homeless children and youth shall not be required to attend a separate school or program for homeless children and shall not be stigmatized by school personnel.

Complaints regarding the interpretation or application of the policy shall be referred to the district administrator and processed in accordance with established procedures.

Notice of this policy and its accompanying complaint procedures shall be published at the beginning of each school year and posted in each school building in the district. In addition, a student nondiscrimination statement shall be included on student and staff handbooks, course selection handbooks and other published materials distributed to the public describing school activities and opportunities.

CASES NOT COVERED BY SPECIFIC RULES

It is understood that the rules and expectations on the following pages are not all inclusive. The administration will take such action as is necessary and not forbidden by law or board policy to ensure the discipline and orderly conduct of the school. Action may be taken with any offense that interferes with the orderly conduct of the school or that impairs the usefulness or well-being of the school regardless of the existence or nonexistence of a rule covering the offense. All of the regulations that follow are set down in an attempt to maintain the rights of all. Even though a student reaches the age of 18, he or she is still required to follow the rules and regulations as outlined in this handbook.

POLICY 411.1 STUDENT HARASSMENT, INTIMIDATION AND BULLYING

The Rosendale-Brandon School District seeks to provide a learning environment free of any form of harassment, intimidation or bullying toward and between students. Therefore, the District will not tolerate harassment, intimidation or bullying in any form and will take all necessary and appropriate action to eliminate it, up to and including expulsion of the offenders.

“Student harassment” means inappropriate behavior toward students which is unwanted, unwelcome, and repeated and which substantially interferes with a student’s school performance or creates an intimidating, hostile or offensive school environment.

Bullying/Intimidation

Bullying is defined as the repeated intimidation of others by the real or threatened infliction of physical, verbal, written, electronically transmitted, or emotional abuse, or through attacks on the property of another. It may include, but is not limited to action such as verbal taunts, spreading rumors, name-calling and put-downs, extortion of money or possessions, and exclusion from peer groups within the school. Such conduct based on race, ethnicity, disability, gender, or sexual orientation may contribute to harassment and discrimination in the school environment. Students who engage in any act of bullying at school, at a school function, or in connection to any activity sponsored by the District, or while enroute to or from school are subject to disciplinary action in accordance with Board policy, up to and including suspension or expulsion.

It is the responsibility of students, staff and others to help enforce this policy so that these prohibited activities do not occur in District schools. The principals are responsible for disciplining the offenders. The Board believes that when it comes to student discipline, each individual situation needs to be addressed according to the severity of the incident, along with the intellectual and emotional stage of each student as well as all of the relevant facts and circumstances.

Any student who believes that he/she has been the subject of harassment, intimidation or bullying, or any parents/guardians who believe their child has been subjected to harassment, intimidation or bullying, shall report the matter in accordance with established procedures listed below. There shall be no retaliation against students who file reports under this policy. All reports shall be investigated in a timely manner.

ACADEMICS

FAILURES

Failures in required subjects must be made up by either attending summer school or repeating that same course the following year. Failures in elective courses may be made up by selecting an alternate course or by re-taking the course failed. Students should keep in mind that a failure carries '0' honor points, and that all failures must be averaged into the grade point average.

GRADE REPORTS

Laconia sends out grade reports to parents at the end of each quarter. Students and parents can view grades at any time through the Parent/Student PowerSchool Portal on the Laconia website.

HOMEWORK POLICY

Philosophy: The assigning of homework is an encouraged practice at Laconia High School as long as it is beneficial to students. The intent is to reinforce concepts that have been introduced in the classroom through additional exercises and research. Through this, students may develop proficiency in needed skills and strengthen good work habits, thus helping students prepare for their futures. Therefore, teachers may give homework to provide extended learning opportunities not afforded by limited class time.

Student Guidelines

1. Students are encouraged to keep assignment notebooks as homework may be given in all classes.
2. Students must recognize the importance of scheduling adequate and effective study time. Homework completion of classroom level, standard quality is an essential part of the learning process.
3. Students must accept as their own responsibility obtaining homework assignments missed due to excused absences.
4. Students should recognize that the sooner missed homework is completed, the better the retention of the subject matter.

INCOMPLETES

All incompletes must be made up within two weeks of the termination of the quarter or semester. If not made up in the specified time, an incomplete automatically becomes a failure. The principal and the teacher involved must agree to any variation of this policy.

REQUIREMENTS FOR GRADUATION

To be eligible for a Laconia High School diploma, a student must earn a minimum of 24 credits during the four years of high school.

A credit is earned for successful completion of a course meeting for one class period per school day for one school year or for a learning experience that is the equivalent of such a course. All non-Laconia course work or learning experiences taken for credit must have written prior approval from the principal in order for the student to receive credit.

SCHEDULE CHANGES

It is the belief of the Rosendale-Brandon School District that students and parents should give serious consideration when selecting courses. The master schedule is constructed and faculty is assigned classes based on the number of original student course requests during registration. The arbitrary dropping of classes by students may have an adverse effect on class size and may result in a reduction, in some cases, where it becomes impractical economically to operate the class. It is the responsibility of the school to encourage careful and advanced planning for the future, and it is an important task of all schools is to teach students to complete any task which they begin, regardless of the difficulties which may develop. This policy is created to give high school students and their parent(s) an opportunity to make timely, efficient, and intelligent decisions regarding course selections.

1. Students are provided with available course information including graduation requirements, post-secondary entrance requirements, and course descriptions in order to make an informed decision.
2. Parents give their approval to all courses in which students enroll.
3. Changes to course selections must be completed within 30 days of the original registration.
4. Changes at the beginning of the school year and semester will be limited to errors only, for example, student failed a prerequisite, student failed a required course, student did not complete summer school or insufficient credits.
5. Non-error changes can be made at the beginning of the semester for core classes, for example if a student

needs to add an additional credit of math or science. Elective courses may not be changed unless they are affected by a core course change.

6. No changes will be made after the first week of school. Students who are given permission to drop a course after this time period may receive a grade of "F" for each quarter and semester.

7. Individual circumstances will be reviewed on a case-by-case basis with appeals to the principal.

WITHDRAWAL FROM SCHOOL

If a student decides to withdraw for any reason, he/she must make final arrangements with the principal. All fines, fees, and obligations must be taken care of before the withdrawal from school is completed.

GENERAL

ACCIDENTS/DISPENSATION OF MEDICATION

Any accident at school, which causes physical injury, must be reported to the teacher in charge and to the office immediately. Student-purchased insurance will be available on an individual basis on request. An accident occurring on a school bus must be reported to the school office and the bus driver. Students are covered in direct travel to and from school, providing the time is within one hour before school is in session and within one hour after school activities cease. All students and their parents will be asked to complete and submit to the office a Registration and Emergency Form at the beginning of each school year. This form will assist the school in deciding what action to take in the event of an emergency or accident. It will also ask for any specific student medical problems of which the school should be aware. In order to facilitate appropriate medical attention and insurance claim processes, we ask that all accidents and/or injuries be reported immediately to a teacher and/or high school office. Students should never let any incident of this nature go unreported to school officials.

When it becomes necessary for a student to take medication prescribed by a physician, the student must have a Medication Authorization and Instruction Form on file. This form is available in the high school office.

Federal and State laws prohibit schools from dispensing any medication, including aspirin or pain relieving products, without written consent of the parent, written dosage, and dispensing instructions signed by the physician, and medication given to the school by the parent in its original container having the pharmaceutical label with the student's name, drug, dosage, time to be given, and physician's name. **All medicine must be stored in the office. Students are not to keep medicine, prescription or over-the-counter, in their locker or on their person.**

ACTIVITY PERIOD

Twice a month activity period runs for nineteen minutes after **second** period on the last day of the school week. Morning classes are shortened when activity period is scheduled. Clubs and extracurricular groups and classes may conduct meetings during this time. Check the announcements for information concerning activity period.

ADULT EDUCATION

Emancipated adult students will be required to enter into a contract with the school. The contract will include but not be limited to attendance and behavior.

ALARM SYSTEMS

Fire Alarms - When the fire alarm sounds, students must leave the building in an orderly manner. Students should keep close to the corridor wall as they leave the building. All students must move to an area at least fifty yards from the building. The bell will sound when students and staff are to re-enter the building. Each classroom has posted directions for fire drill procedures. These directions are posted on the wall near the classroom door.

Fire Equipment - Tampering with any fire-fighting or detection equipment is a serious offense as is the unjustified setting off of alarms. Violators not only face suspension and/or expulsion from school, but also a referral will be made

to the legal authorities too, as this is a violation of State Law Chapter 941 Wisconsin State Statutes.

Severe Weather Drills - Alerts and directions for severe weather drills will be announced over the P.A. system. When the school receives a tornado warning, students will be instructed to move from their classrooms into the designated safety areas. Students will not be permitted to leave school during a severe weather condition unless a parent comes to school, signs a release form, and accompanies the student from school. An 'all clear' announcement will be made over the P.A. system when the danger has passed.

ANNOUNCEMENTS

Announcements will be posted daily on our website, WWW.RBSD.K12.WI.US, by 9:30am. Student groups desiring to have an announcement in the daily announcements must have their items approved and submitted by the advisor in charge of that group. Announcements must be submitted to the main office before 2:00 p.m. the day before the announcement is to be posted.

CHEATING AND PLAGIARISM

Each individual classroom instructor should present classroom policies and rules at the beginning of the school year and review those guidelines periodically during the course of the year. In all cases, we encourage our students to learn to complete their own work. If the student has a question about working with another student on any given assignment or about sharing notes and materials, they should first check with their instructor.

Plagiarism is the taking of ideas, writing, etc. from another individual and presenting them as one's own. Plagiarism implies dishonesty and deception and will be handled in the same manner as cheating.

All instructors must report incidents of cheating and plagiarism to both the office and to parents/guardians in writing. See Policy 443.9.

CLOSED CAMPUS

Laconia High School has a closed campus. This means students are not allowed to leave the building between 8:00am and 3:30pm without permission. This includes during lunch. Students are not permitted to eat food in the carpeted halls or automobiles. However, students are permitted to eat lunch in the grass area directly in front of school within sight of the front office.

CLOSING/DELAY OF SCHOOL DUE TO INCLEMENT WEATHER

In the event of a school closing or delay, our Instant Messenger telephone service will call parents. It will also be posted on our website: WWW.RBSD.K12.WI.US as well as on Facebook and/or Twitter for those that follow us. Please do not call the school during inclement weather situations.

CO-CURRICULAR ACTIVITIES

A variety of co-curricular academic activities are available to students. These include Academic Bowl, Art Club, FFA, Forensics, Drama Club, Math Team, National Honor Society, Project G.R.I.L.L., Solo and Ensemble, SMART Team, Spanish Club, Student Council.

COMMENCEMENT

Only those students who have successfully completed the graduation requirements, paid all fees or fines, maintained good behavior standing, and served all detention time by graduation day will be permitted to participate in the ceremony or receive a diploma. **SENIORS: IMPORTANT** - The school will attempt to update all seniors and their parents of the current academic status of seniors fulfillment of the graduation requirements. Students must realize that they share in this responsibility, and they must make an effort to periodically check their status during their senior year.

ELECTRONIC DEVICES

To create and maintain an appropriate learning environment, MP3 players, student radios, boom boxes, cell phones, and similar devices are not permitted for use during the school day. They must be turned off and secured in a locker during the school day. Laser lights are not allowed. Only district issued/district approved electronic devices may be possessed and used during the school day.

It is the policy of the School District of Rosendale-Brandon that if a student would like to possess a cell phone while on school premises, that student must complete the necessary permission form located in the office. The electronic device may be confiscated for the remainder of the school year if no permit is on file.

Use or possession of such a device is allowed if the school board or its designee determines that the device is used or possessed for medical, school, educational, vocational, or other legitimate use.

POLICY 443.5

ELECTRONIC COMMUNICATION DEVICES

The Board of Education of the Rosendale-Brandon School District believes that the possession and/or use of electronic communication and laser pointer devices by students in school is potentially disruptive to the educational setting and/or dangerous to others within the school. The Board also believes that electronic communication devices may serve a legitimate purpose in school.

The Rosendale-Brandon School District regulates use or possession of electronic paging devices or two-way communication devices. Permission of a parent/guardian and school administrator is required before use or possession is allowed. Examples of regulated devices include cellular telephones, personal computers, hand-held electronic planners (e.g. Palm Pilot), pagers, two-way radios, and laser pointers.

This rule is in effect while the student is on school premises and/or attending school activities that are held either on or off school premises. School premises include any place which is owned, rented, or under the control of the Rosendale-Brandon School District.

Permission may be granted for the use or possession of an electronic communication device if the principal/designee determines that the device is necessary for a medical, educational, vocational, or other legitimate purpose.

Permission for possession of a regulated device is allowed after an Electronic Communication Device Permit is signed by a parent/guardian, approved by the principal/designee, and on file in the principal's office. The permit will only be valid for the school year in which it was filed. Permitted use may be regulated or restricted due to related District concerns. Examples of District concerns include safety, potential for disruption to educational processes, and security issues related to connecting a personal computer to the District network.

Permission to possess a regulated device is dependent on observing the following rules:

1. The student accepts full responsibility for the security of the device.
2. The Rosendale-Brandon School District does not accept responsibility for lost or stolen devices. Investigation by school officials of loss, theft, or damage will be minimal.
3. The student cannot carry the device during regular school day hours unless the student has written permission from the principal.
4. Student agrees to carry a copy of their permit and present it upon request to any school staff member.
5. The student agrees to use the device only for the purpose that is stated on their written permit.
6. The student agrees that the electronic device will remain turned off except when the student is using the device for the purpose expressly approved via the written permit. This means that the device will not ring, beep, vibrate, buzz or exhibit other displays that indicate that the device is activated.
7. Use or possession of cell phones with photographic capabilities is not permitted in locker rooms, bathrooms, or other locations where privacy is an issue. Improper use of these devices can result in disciplinary action up to and including expulsion.

Disciplinary procedures regulating possession and/or use of electronic communication devices without permission will be determined by building administration and may include temporary or permanent confiscation of the device. The building administration may involve law enforcement if the device is used for an illegal purpose or for a purpose that causes harm to others.

Students, parents, and faculty will receive annual notice of this rule.

Whenever this policy is revised by the Board of Education, the district administrator/designee shall submit a copy of the revised policy to the State Superintendent of Public Instruction.

All students will be assigned a locker. Students are expected to use their assigned locker, take good care of it, and keep it locked when unattended. The school will not assume responsibility for lost or stolen articles from lockers. Locker combinations are given out at the beginning of the school year for security purposes. Students are responsible for and may be subject to disciplinary action due to the contents found in their locker. Lockers are to be kept neat and clean. Magnets should be used to display items on the inside of the locker. Tape should not be used on any part of the lockers. No ads for alcoholic beverage or pictures of questionable taste will be permitted. The school administrator or teachers have the right to remove such pictures/ads from a locker. Nothing may be placed upon the outside of the locker unless the principal has first approved of it. Physical education students will also be issued a locker and lock to be used to secure items during phy ed class. Students are required to keep their belongings only in the locker assigned to them.

School officials have the right to inspect lockers. Additionally, school officials may conduct routine inspections of lockers to assure that lockers are clean, orderly, and free of illegal substances. Students are not allowed to put a lock on the locker. Student lockers are the property of the school. The school and its staff retain the right to inspect lockers, announced or unannounced, and to ask for law enforcement assistance in searching lockers if administration or school board requests such assistance.

LOST AND FOUND

The lost and found department is in the main office. Students in search of valuables that have not been turned in can advertise in the 'Student Announcements' with principal approval.

NATIONAL HONOR SOCIETY OF LACONIA HIGH SCHOOL Requirements for Membership in the National Honor Society

Membership in the National Honor Society is both an honor and a responsibility. National Honor Society is more than just an honor roll; selection to NHS is a privilege, not a right. Students do not apply for membership in the National Honor Society; instead, they provide information to be used by the local selection committee to support their candidacy for membership. Membership is granted only to those students selected by the Faculty Council consisting of five faculty members appointed by the principal. This is not an election, nor is membership automatically granted simply because a student has achieved a specific level of academic performance. NHS emphasizes the four areas of leadership, scholarship, service, and character as qualifications for selection.

Membership in the NHS is a permanent condition unless a student's performance falls below the standards by which he or she was selected.

The national constitution requires that each chapter conduct a chapter service project each year. Every member is expected to contribute to this project. Additionally, individual members also have the responsibility to choose an individual service project in another area of involvement in line with their particular talents and interests.

Qualifications

- Membership may be open to qualified sophomores, juniors, and seniors.
- A cumulative GPA of 3.5 is used for determining scholastic eligibility.
- Candidates must have attended the school the equivalent of one semester.
- Candidates will have demonstrated the qualities of leadership, scholarship, service, and character through their school and community involvement.

Inductions

Inductions will take place in the spring of each school year

NON-CUSTODIAL PARENTS

Laconia High School abides by the provisions of the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order, we will provide the non-custodial parent **who requests** it access to the academic records and to other school-related information regarding the child. If there is a court order specifying that no information be given, it is the responsibility of the custodial parent to provide the school with an official record of the court order.

PARKING AND USE OF AUTOMOBILES

Any student driving a car, motorcycle, or vehicle to school must obtain a registration form from the office, fill it out, and return it to a LHS office secretary. Students will receive a 'parking permit' cling-on sticker that is to be displayed in the back driver's side window. Students must have a Laconia Parking Permit issued by the school to park on school grounds during the regular school hours. Students must have proper display of the parking permit or citations will be issued. **STICKERS MUST BE PURCHASED BY THE THIRD MONDAY IN SEPTEMBER.** Student vehicles should be parked in the **PARKING SPACES THAT ARE NOT NUMBERED.** Since district policy requires that all students remain at school throughout the school day, cars may not be driven during the day. This rule applies to the noon period as well as the regular school day. Exceptions occur whenever properly excused students leave during the day. Students should not drive in and out of the parking lot before school. After parking, students should **NOT** loiter either in their car or the parking lot. Students are not allowed to eat their lunches in cars during the noon hour or sit in their parked cars during the school day. For safety purposes, students should lock their cars. Any student observed speeding, squealing tires, or committing any other traffic violation in a school zone will be reported to the proper authorities and also may lose the right to drive their car to school for a period no longer than one full semester. Students may only exit school at the Grant Street exit until the buses have left. Then the students may exit via Hwy 23.

The state law requires all drivers to observe a **15-mph speed limit** on school grounds at all times. Failure to follow the above rules may result in students not being able to drive a car onto school grounds. The Rosendale-Brandon School District will not be responsible for damage done to cars or thefts that occur in the Laconia High School parking lot. Even though a fee is required for student parking permits, the student assumes the responsibility for damage or theft that may occur to his/her car.

Snowmobiles are not allowed to be ridden on school grounds.

PASSES

Our teachers have been asked to keep student movement to a minimum during class periods. However, there are times when it is necessary for students to move from one area of the building to another. Students must have a pass with signed permission when in the halls and should move promptly to the location to which they are traveling. Students who wish to work with a teacher during a study hall must receive a pass from that teacher in advance and present it to the study hall supervisor. Students who abuse the pass system will lose their pass privileges.

POLICE AND CANINE SERVICES

At the request of the administration the police and police canine units will be used to search areas of the school property including student lockers and automobiles parked on the school lot.

PUBLICATIONS, QUESTIONNAIRES, AND SOLICITATION

Students who have materials and surveys, which they wish to distribute to the student body or in the school district, must have prior authorization of the high school principal. Failure to fulfill this advance approval requirement will result in appropriate disciplinary action. Students may not solicit funds or pledges or sell items without prior written approval from the principal.

SEARCH AND SEIZURE

In the interest of the welfare of the students and the school community, it may be necessary to search a student or student's property. A school official or his/her designee may conduct the search if they have a reasonable suspicion that the student obtained or has in his/her possession items in violation of school regulations, local ordinance, or state law.

SEASON TICKETS

Students may purchase season athletic tickets in the office. Adult season tickets may also be purchased in the office. Season passes are good for all home conference sports events, excluding any WIAA Tournaments or any tournaments hosted by Laconia.

STUDENT COUNCIL

Student Council represents the total student body. The council serves as a medium between the faculty and the student body to promote school activities, to safeguard student rights, to develop student responsibility, initiative, and leadership, and to promote the general welfare of the school.

STUDENT DRESS

A student's appearance has much to do with the way he/she feels about himself/herself. Appearance also affects the way in which students respond to each other, to staff, to their own success and has a great deal to do with the learning atmosphere of the school.

Laconia High School has established the following dress code for students:

- Pants and jeans must fit at the waist and should not be dragging on the ground (sagging not allowed). Belts are required if pants do not fit on the waist.
- Underwear or boxers should not be visible. This includes bra straps.
- No short shorts, skirts, or dresses
- Shirts and blouses must conceal the midriff and cleavage at all times.
- Clothing or other materials may not display gang, sexual, alcohol, tobacco or other drug innuendoes or advertising.
- No tube tops or halter-tops allowed.
- No type of head covering, hat, bandana, hood, etc. are to be worn in the building during school hours.
- Dangerous accessories are prohibited.
- Jackets and sunglasses cannot be worn during the normal school days.
- Footwear must be worn at all times except for approved activities.
- Anything else deemed inappropriate by school administrators.

PLEASE WEAR APPAREL THAT IS APPROPRIATE FOR A SCHOOL SETTING.

STUDY HALLS

Students are to abide by the rules that are listed below:

1. Bring study or reading materials.
2. Students may not talk unless the teacher gives permission.
3. No one can leave the study group without direct permission of the teacher.
4. Students who have passes from authorized personnel may sign out to their respective designated area. The students must present the pass, have a time put on the pass by the study teacher, sign out properly, and proceed to their listed destination.
5. The study hall supervisor will write bathroom passes for emergencies only.

TELEPHONE USE

The office phones are extremely busy and all schools are networked in one phone system. To enable us to keep our lines open for important incoming calls, an office phone is available to the students before school, during snack break, during the student's lunch break and after school only. It is to be used for transportation issues, health issues, appointments, or forgotten items only. **Please note: Students are not allowed to use their cell phones during the school day unless they receive prior approval from administration.**

THEFT

All thefts should be reported to the office as soon as possible. The student will be asked to fill out a 'Theft Report'.

TOBACCO PRODUCTS

Use of tobacco products by students on the school grounds at any time is absolutely prohibited. Tobacco usage on school grounds (including in cars on school property) will be considered a major offense and will be applied to the discipline plan which could have an end result of expulsion from school. Tobacco usage violations are cumulative during a high school career.

SUBSTANCE AND ALCOHOL ABUSE

The Rosendale-Brandon School District recognizes that the use of alcohol and other drugs, and the problems associated with it, are becoming increasingly commonplace in our society. The school district recognizes that in many instances a person's misuse or abuse of alcohol and other drugs can lead to the illnesses of alcoholism and other chemical dependencies. However, if the use is identified early and treated, treatment is usually more successful.

Our District also recognizes that the misuse or abuse of alcohol and other drugs often precedes more severe dependencies. At some point an individual's use of alcohol and other drugs may be deemed destructive to himself/herself or others, causing problems in their daily lives. Where the capacity to make responsible decisions regarding alcohol and other drug use has been reduced or compromised, prompt and appropriate attention can help the vast majority of individuals involved. Our District regards alcohol and their drug abuse, addiction or dependency as it does any other behavioral/medical problem. Our primary purpose is to be helpful, not judgmental in dealing with these problems.

We believe that along with parents and other segments of the community, the school has a role to play in helping students to make responsible decisions about the use of alcohol and drugs. Therefore, the Rosendale-Brandon School District wishes to cooperate with all segments of the community in making the means of assistance available to those individuals who do develop alcohol and other drug related disabilities.

POLICY 443.1

THE PROGRAM OF ASSISTANCE FOR ALCOHOL AND OTHER DRUG ABUSE

I. The Rosendale-Brandon School District recognizes that students often need education and assistance because a person significant to them is affected with chemical dependency or because they require support in their own decisions not to use or abuse alcohol and/or other drugs. Since chemical dependency is frequently preceded by the abuse of alcohol and other drugs, the school system wishes to provide education and assistance to any student displaying the signs of such harmful involvement. The Rosendale-Brandon School District recognizes that chemical use may evolve into chemical dependency, which can be successfully treated if identified early, if appropriate referral to community agencies is made, and if adequate support is afforded those who are in the process of recovery.

II. Thus, the Rosendale-Brandon School District will provide education for the students about the use/abuse of chemicals and the value of wellness. It is the district's goal that students at both elementary and secondary levels be provided a developmentally based curriculum emphasizing wellness, self-esteem, decision-making, peer pressure refusal skills, types, dangers, and effects of mood altering chemicals. In addition, the district wishes to provide opportunities for all employees to continue educating themselves regarding chemical dependency. Efforts will be made to provide to all new staff, as a part of their orientation program, an awareness of alcohol and drug abuse and chemical dependency issues and various related school district policies and procedures.

III. The District AODA coordinator/designee will have available a program of assistance. Students, along with their families, are encouraged to contact the AODA coordinator/designee for resources available.

A. No records of a student's participation in the program will become a part of the permanent record. The fact of a student's participation in the program, including conversations he/she may have with staff members will be held strictly confidential, as required by federal confidentiality regulations and Wisconsin Statute (e.g., 118.25, 118.126).

B. The awareness and support of parents for a student affected by alcohol and other drug abuse and chemical

dependency is extremely important. However, where either students or parents do not wish to cooperate in making needed assistance available, the students status in school may have to be re-evaluated, taking into account the best interests of the student, the nature of the problem, and the health, safety, welfare, educational opportunity, and rights of other students and staff.

IV. The Youth Issues Advisory Council

The Rosendale-Brandon School District recognizes that a concerted effort by school and community is necessary in order to effectively address the AODA issues as it affects our youth. Therefore, the district has established Youth Issues Advisory Council to make recommendations and suggestions that provide articulation for a shared, unified school-community approach to AODA. The Youth Issues Advisory Council is made up of a school administrator, school board member, staff members, parents, and district nurse. This Advisory Council will also address Human Growth and Development issues and suicide issues.

V. Publicity

The AODA Policy and Program of Assistance description of the Board of Education of the Rosendale-Brandon Schools shall be printed in student handbooks or other regular communications sent to the students and their parents.

REVISED & APPROVED: 6/27/05

POLICY 443.2

STUDENT ALCOHOL AND OTHER DRUG USE

No student of the Rosendale-Brandon School District shall knowingly possess, use, distribute or be under the influence of alcohol, controlled substances or any other mood altering chemicals while on school property or during school-sponsored activities. The possession, use or distribution of drug paraphernalia, look-alike drugs, non-alcoholic beer/beverages, and/or tobacco products or any substance misrepresented as alcohol or a mood-altering drug is also prohibited on school property or during school-sponsored activities.

A student may be required to submit to a breath test to determine the presence of alcohol if a school official or law enforcement officer has reasonable suspicion that the student is under the influence of alcohol. Violation of this policy or refusal to submit to a required breath test for the presence of alcohol will result in disciplinary action.

Any student who violates this policy shall be subject to disciplinary action as stated in Rosendale-Brandon School District Policy 443.3, "Student Alcohol and Other Drug Use Policy Violations". Students expelled for drug related incidents may be required to submit to intermittent drug testing as a condition of early reinstatement if the Board of Education orders such testing. The testing would occur through the term of the expulsion order.

Non-expelled students who violate this policy may also be subject to drug testing if the parents, student and district agree in writing. This agreement will include a specific protocol including the timeline for when testing will be discontinued.

Use of prescription or over-the-counter medication in compliance with Board Policy 453.4, "Administration of Medicine to Students", shall not be considered a violation of this policy. Distribution or sale of any prescribed drug on school property or during school-sponsored activities is prohibited.

Smoking and the use of other tobacco products by students are also prohibited on all school property and school sponsored activities.

This policy shall be published annually and distributed to all students of the District.

APPROVED: July 21, 2008

POLICY 443.3

STUDENT ALCOHOL AND OTHER DRUG USE POLICY VIOLATIONS

Includes Seller, Dealer, Pusher, Distributor and/or Possessor of Alcohol/Drugs

Because of the potential dangers to the student presented by his/her acute intoxication with alcohol or other drugs, students exhibiting evidence of acute intoxication, incapacitation, or a drug overdose in school or at school-sponsored events will be transported under the direction of law enforcement immediately to the local hospital or facility designated to provide detoxification service, followed by notification of parents. Following immediate care, the remainder of this policy will be implemented.

Any student who violates the Student Alcohol and Other Drug Use Policy 443.2 is subject to discipline as follows:

1. FIRST VIOLATION:

Any student who violates the Student Alcohol and Other Drug Use Policy 443.2 for the first time during his or her tenure in the Rosendale-Brandon Schools is subject to the following disciplinary action:

1. Suspension from school for up to five (5) school days and/or Board consideration for expulsion, (unless extended pending an expulsion hearing in accordance with state and federal law). Participation in curricular or extra-curricular exercises beyond the school day will be suspended during the suspension period.

5. Written evidence that the student has commenced appropriate counseling must be presented to the building principal within one (1) month of the first day of suspension. Failure to participate in and successfully complete appropriate counseling as described in item number 4 above may result in the commencement of expulsion proceedings.

NOTE: The building principal retains the authority to pursue the disciplinary measures outlined under the second violation and/or third violation for a first offense if he or she believes the severity of the offense or the circumstances warrant more serious disciplinary action.

2. SECOND VIOLATION:

Any student who violates the Student Alcohol and Other Drug Abuse Policy for the second time during his or her tenure in the Rosendale-Brandon Schools is subject to the following disciplinary action:

1. Suspension from school for up to five (5) school days, and/or Board consideration for expulsion, (unless extended pending an expulsion hearing in accordance with state and federal law). Participation in curricular or extra-curricular exercises beyond the school day will be suspended during the suspension period.
2. Referral to law enforcement authorities.
3. Mandatory pre-expulsion conference with student, parents, building principal.
4. The building principal will decide whether expulsion proceedings will be held in abeyance pending the student's participation in and successful completion of an Alcohol and Other Drug Abuse treatment program as set forth in Option A below or whether the student will be directly referred for expulsion as set forth in Option B below:
 - a. **Option A** – The student must:
 1. Seek and complete an assessment by a certified alcohol or drug abuse treatment center, at parental/student expense,
 2. Demonstrate compliance with the treatment program recommended by the treatment center,
 3. Successfully complete the treatment program and
 4. Agree to enter into a last chance behavioral agreement between the student, and the school administration. Failure of the student to abide by any of the terms set forth above shall result in the initiation of expulsion proceedings pursuant to option B below.

3. THIRD VIOLATION:

Any student found to be in violation of the Student Alcohol and Other Drug Use Policy 443.2 for the third time during

his or her tenure in the Rosendale-Brandon Schools may be recommended to the school Board for permanent expulsion from the Rosendale-Brandon School District.

4. APPLICATION FOR EARLY READMISSION:

Any student who has been expelled in accordance with this policy may make a written request to the building principal for early re-entry into the Rosendale-Brandon school system. The re-entry process must be initiated administratively by making a request to the building principal who will then involve the District Administrator and School Board. The decision of whether to allow early re-entry is within the sole and exclusive discretion of the School Board. In making this decision, the School Board may consider, as a positive factor, evidence that demonstrates that the student has successfully completed treatment or counseling, at parental/student expense, and has developed an attitude, which indicates that the individual will not again violate the District's Alcohol and Other Drug Abuse Policy. Failure to abide by the aforementioned conditions will result in the immediate expulsion of the student for the time remaining on his or her previously ordered term of expulsion with no privilege of applying for early re-entry.

5. STUDENTS SUBJECT TO DISCIPLINE UNDER THIS POLICY:

A student who owns or operates a vehicle for attendance at school or school-related activities must accept responsibility both for the student's own behavior and for the behavior of others in the vehicle. This responsibility subjects the student to full discipline as set forth herein both for his or her own violation of the District's Alcohol and Other Drug Abuse Policy and for any violation of the policy committed by others in the vehicle.

NOTE: The disciplinary actions set forth in this document are guidelines and suggestions only. The Administration and/or the School Board retains full authority to increase, decrease, or in any other way modify any noted penalty as deemed appropriate under the specific circumstances.

ATTENDANCE**STUDENT ATTENDANCE**

The Rosendale-Brandon School District Board of Education believes that regular school attendance is the best way to acquire the instructional continuity necessary for academic achievement. Days missed can never be made up completely since the value of class participation is lost.

POLICY 431**SCHOOL ATTENDANCE AND TRUANCY****COMPULSORY SCHOOL ATTENDANCE SECTION 118.15, WIS. STATUTES**

118.15 (1)(A) Any person having under control a child who is between the ages of 6 and 18 years shall cause the child to attend school regularly during the full period and hours that the public school in which the child should be enrolled is in session until the end of the school term, quarter, or semester of the school year in which the child becomes 18 years of age. The child must be in a class, a study hall, or a Board of Education approved activity every period of every school day, except that a parent or guardian may cause their child to be excused if they provide an excuse in writing before the absence. A child so excused is required to complete the course work missed during the absence.

EXCEPTIONS (subparagraphs a-d):

- (a): the child has graduated from high school
- (b): attendance at a vocational, technical or adult education school, providing the school board has approved and entered into a contract with the vocational school, and providing the child is 16 or older.
- (c): a child 16 years or older may enter into a program or curriculum modifications which lead to the child's high school graduation, or to a high school equivalency diploma under 115.29(4).
- (d): enrollment in an alternative public school, or program located in the school district in which the child resides..., or a school to work program.

ABSENCES THAT WILL BE EXCUSED WITH APPROVAL FROM PRINCIPAL / ATTENDANCE DIRECTOR

1. **ILLNESS:** Three days or less, under most conditions, child will be readmitted with a written statement from a parent or guardian. If the absence is for more than three days, a written statement from a physician or other licensed professional may be required.
2. **PROFESSIONAL APPOINTMENTS:** Appointments with doctors, dentists, chiropractors, optometrists, or psychologist WHICH HAVE BEEN PREARRANGED AND APPROVED BY THE ATTENDANCE DIRECTOR OR PRINCIPAL.
3. **FAMILY EMERGENCIES:** An illness in the immediate family which requires the absence of the student for family responsibilities; farm work on the family farm during planting or harvest.
4. **FUNERALS:** A death in the immediate family or funerals for close relatives, or a close family or personal friend.
5. **RELIGIOUS HOLIDAYS:** Religious holidays/activities will be excused as requested by the parent or guardian in writing.
6. **FAMILY TRIPS:** A child may be excused if traveling with one or both parents, and the ABSENCE HAS BEEN PREARRANGED. School days missed should be limited to five or less. DEER HUNTING is considered a family trip if accompanied by one or both parent
7. **THE FOLLOWING ABSENCES ARE EXCUSED IF PREARRANGED:**
 - a. Drivers license tests – one-half day allowed.
 - b. College visits-*Student must present note from college verifying visit.*
 - c. Court appearances – as specified on court order, and parent’s note.
 - d. Military service exams – one day allowed.
 - e. Approved school activities.

ABSENCES THAT WILL BE CONSIDERED UNEXCUSED:

An unexcused absence is an absence that has not been classified as “excused” by the principal / attendance director. Missing the school bus, shopping, oversleeping, hair appointments, errands, etc., are examples of the types of absences that will be classified as “unexcused.” Detention time may be assigned for unexcused absences as per District Truancy Poly 431 addendum.

SUSPENSIONS

IN-SCHOOL-SUSPENSIONS: Students are excused, and may make up all work and tests missed, and credit will be given.

OUT-OF-SCHOOL SUSPENSION: Students are excused and upon student request shall be given all work and tests missed. Students may not come on campus to receive their work but may make arrangements with the principal to receive their work. Make-up work is the responsibility of the student.

TRUANCY: Truancy means any absence of part or all of one or more days during which the school attendance officer or teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent student, and also means intermittent attendance carried on for the purpose of defeating the intent of the compulsory attendance law. “Habitual truant: means a student who is absent from school without an acceptable excuse for part of or all of five or more days on which school is held during a school semester.

ATTENDANCE RESPONSIBILITIES

1. All absences other than illness must be preceded by a written excuse signed by one parent or guardian before the absence occurs. Students should turn the note in to the office and get a “Pre-Excuse” form which should be turned back in to the office after the students’ teachers have signed it. This procedure is to assist the students to have their assignments and will help them to meet expectations of their teachers BEFORE they are absent. In situations where the absence could not have been anticipated beforehand, a phone call by a parent or guardian to the student’s school will suffice. When a pre-excused absence is not properly obtained, the absence will become an unexcused absence.

2. When a student will not be attending school because of illness, a parent should call the student's school office between 7:30 and 8:30 a.m. and inform office personnel of the absence. Routine attendance calls to parents (unless the parents called the school) are made daily to parents whose students are absent. Contact with parents by phone establishes the student's whereabouts and helps insure the safety of our students.

3. Notes must be turned in to the office prior to start of school day. When a student fails to bring in a note concerning an absence, in situations requiring a note, the absence is not only considered unexcused, but the student will not be allowed any pre-excused absences until the previously mentioned note is brought to school and/or detention time may be assigned.

STUDENTS: (1) Students are required to attend all of their scheduled classes, study halls and lunch periods, unless they have obtained parental permission and a pass approved by the student attendance officer, or designee, to be absent. (2) A student who has been absent, or is anticipating being absent shall provide a written explanation of the absence signed by her/his parent(s) or guardian. (3) Students must always check out and in at the school building office when they leave and return to school. A student must check in immediately upon her/his return to school. (5) Students will have the number of days absent plus one in which to complete make-up work and exams.

POLICY 431
STUDENT ATTENDANCE AND TRUANCY
Addendum

Truancy

"Truant" means a pupil who is absent from school without an acceptable excuse for part or all of any day on which school is held during a school semester. Violations of this policy include the following:

*A student that is developing a pattern of arriving to school late.

*A student that decides to leave school before the end of the normal school day.

*If the school attendance secretary speaks with a parent or guardian and they do not excuse their son/daughter from being absent.

This system is intended to deter students from becoming truant on a habitual basis. When the student is faced with a monetary consequence, this will hopefully take care of the matter. Also, if a student receives two or more citations within a year's time, their driver's license may be taken from them, and if the student does not have a current driver's license, this could prolong them from getting one. Finally, if a parent/guardian knowingly encourages or contributes to the truancy of a minor child, they are also in violation of the ordinance and may be cited by local authorities.

Consequence for Violations

First Offense	Verbal Warning by Principal/Attendance Director and Letter Sent to Parents/Guardian and Detention(s).
Second Offense	Verbal Warning by Principal/Attendance Director and Letter Sent to Parents/Guardian and Detention(s).
Third Offense	Citation will be issued - (The student's attendance record will be attached to the citation so that information can be reviewed by the Judge along with the "Three Strike Criteria and Offenses." Detention(s) will also be assigned.

Bond Amounts for Citations

First Offense

Fine is determined by Fond du Lac County

Second Offense within 1 year

Fine is determined by Fond du Lac County

REVISED AND APPROVED: July 23, 2007

*When a student is more than five minutes late for a class, a disciplinary referral will be issued. If a student is extremely late (12 minutes or more) for class without a valid excuse, **Truancy Policy 431** will be applied.*

LEAVING SCHOOL

If a student finds it necessary to leave before school is dismissed, the principal or attendance director must excuse him or her. Under no circumstances is a student to leave the school without permission. This includes going into the parking lot. If a student needs to call home because of illness, the student must use the office phone.

TARDINESS

Being on time is an important element of life and school and will be expected of you from all present and future teachers and employers. Everything possible will be done to encourage punctuality. **Late to School** - Report immediately to the office if you are more than 5 minutes late to school. A tardy slip will be issued and marked either excused or unexcused. **Classroom Tardies** - Roll call is taken at the beginning of each class period. You are to be in your assigned seat when the bell sounds for the beginning of classes. In case of tardiness, go directly to the class in which you are late. The teacher is the sole judge of your situation. If you have an emergency between classes, see the principal or your teacher and explain the matter to them. Excessive tardies will result in detention and/or in-school suspension or out-of-school suspension.

STUDENT CONDUCT

SCHOOL DISCIPLINE PLAN

Students who engage in willful, persistent, and disruptive behavior that interferes with the educational process or engage in hostile personal behavior will be subject to school discipline. A record will be kept of incidents in which a student's classroom or school behavior results in a behavioral referral.

A school cannot function effectively unless students, teachers, and administrators all work toward the same goals. Disruption of learning by disobedience, violence, or acts contrary to school rules, laws, or statute will not be condoned. The individual has a responsibility to behave in a manner that will not interfere with the rights of others.

The school administration is directed by the District Board of Education to maintain a school environment free from distraction and disruption. At the same time, the school administration is delegated the power to make rules to govern student behavior from the Board of Education which receives its authority from State Statutes. The administration specifically reserves the right, on an individual basis, to deviate from the disciplinary action set forth below, when in their sole discretion, it is necessary for the proper and efficient operation of the school. The rules shown below are the foundation for effective disciplinary action.

SUSPENSIONS/EXPULSIONS

(as defined by Wisconsin State Statutes)

If ordinary disciplinary measures are not successful, it may be necessary to take further action through suspension. Suspension from school is a temporary exclusion of a student from class attendance and participation in school functions for misconduct or violation of district rules and regulations. The expulsion is the complete removal of a student from school resulting in the person no longer being a student at Laconia High School. Suspensions may either be in or out of school at the discretion of the administration. Suspensions are considered as excused absences with regular make-up privileges. Students under out-of-school suspension or expulsion from the schools of the Rosendale-Brandon School District are deemed to be unauthorized persons not having permission to be in school buildings or on school grounds.

**POLICY 443
STUDENT CONDUCT**

Students in the School District of Rosendale-Brandon shall be expected to act in such fashion that their behavior will reflect favorably on the individual student and on the school, show consideration for fellow students, and create a harmonious school atmosphere. To accomplish this, each student must recognize individual responsibilities and obligations, and discharge them in accordance with school regulations.

Students are expected to abide by the Code of Conduct and behavior as outlined in the student handbook, and/or as stated in the rules and regulations established by building principals for each school.

All employees shall share responsibility for supervising the behavior of students and for seeing that they meet the standards of conduct established by the building principal. In enforcing rules for student conduct, staff members shall place particular emphasis upon educating students in the ability to control themselves.

The School District of Rosendale-Brandon shall not discriminate in standards and rules of behavior, including student harassment, on the basis of sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, homeless status, or physical, mental, emotional or learning disability or handicap. Discrimination complaints shall be processed in accordance with established procedures.

CODE OF STUDENT CONDUCT

In the Rosendale-Brandon Schools we depend on students to be responsible for their behavior. Everyone makes mistakes; everyone makes poor choices about their behavior from time to time. Accepting responsibility for our actions is part of the process of growing up.

At Laconia High School, we also depend on our students' sense of citizenship, pride in themselves, and pride for the school to govern their behavior rather than creating a long list of regulations for students to follow.

The following is the Board of Education policy called the 'Code of Student Conduct'.

**POLICY 446.4
CODE OF STUDENT CONDUCT STATEMENT OF PRINCIPLE**

The District recognizes and accepts its responsibility to create, foster, and maintain an orderly and safe class environment, conducive to teaching and to the learning processes. Every member of the school community is expected to cooperate in this central mission. Staff, including administrators and teachers, must use their training, experience and authority to create schools and classes where effective learning is possible. Students are expected to come to school and to every class, ready and willing to learn. Parents should be aware of their children's activities, performance and behavior in school, and are asked to cooperate and consult with the school to prevent or address problems.

The District has a legal duty to make its schools as free as possible of the dangers of violence, weapons, drugs, and other behavior harmful to the educational environment. This duty is enforced through the District's policy on suspension and expulsion, which provides procedures by which students may be removed from the school community either temporarily, or in the case of certain expulsions, permanently.

But equally important, the District owes its students, as a group, the opportunity to attend school as free as reasonably possible from unnecessary and unwarranted distraction and disruption, particularly by those relatively few students who, for whatever reason, are unwilling, unready or unable to avail themselves of the opportunity for an education. Such behavior, while not necessarily so serious or pervasive to warrant suspension or expulsion, can be nearly as

destructive to the educational environment. Such behavior warrants, at a minimum, that the student be removed temporarily from the class or activity ("short-term removal" or "temporary removal"). Such removal serves the multiple purposes of eliminating (or minimizing) the disruption, of reinforcing the District's strong commitment to an appropriate educational environment, and of allowing a "cooling off" period, for disciplinary or other reasons, short of suspension or expulsion.

In other circumstances, the student's conduct, or the best interests of the student and the other members of the class, may warrant longer-term removal from the class ("long term removal").

Long term removal may, but need not always, be for disciplinary purposes.

Beginning August 1, 1999, a teacher employed by the District may temporarily remove a pupil from the teacher's class if the pupil violates the terms of this Code of Student Conduct (the "Code"). In addition, long term removal of a student will be possible if the building administrator upholds a teacher's recommendation that a student be removed from the class for a longer period of time. Removal from class under this Code does not prohibit the District from pursuing or implementing other disciplinary measures, including but not limited to detentions, suspension or expulsion, for the conduct for which the student was removed.

1. WHAT ARE THE GROUNDS FOR DISCIPLINARY REMOVAL FROM CLASS?

A student may be removed from class for conduct or behavior which (a) violates the District's policies regarding suspension or expulsion; (b) violates the behavioral rules and expectations set forth in the Student Handbook; (c) is disruptive, dangerous or unruly; (d) which otherwise interferes with the ability of the teacher to teach effectively; or (e) which is incompatible with effective teaching and learning in the class. Removal is a serious measure, and should not be imposed in an arbitrary, casual or inconsistent manner. Behavioral expectations are always more constructive, and more likely to be followed, where their terms are communicated as clearly as possible to students and staff. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every inappropriate circumstance, that would justify removal under this Code. A teacher's primary responsibility is to maintain an appropriate educational environment for the class as a whole. Therefore, notwithstanding the provisions of this Code, in every circumstance the teacher should exercise his or her best judgment in deciding whether it is appropriate to remove a student temporarily from class.

In ordinary circumstances and in practical terms, a teacher's decision to remove a student temporarily from class will stand. However, there may be circumstances when the building administrator may, exercising his or her discretion, overrule the teacher's decision to remove the student, and return the student to class.

(a) Behavior that violates the District's policies on suspension and expulsion

The District Policies regarding suspension and expulsion are set forth in 446 and 446.3 Rosendale-Brandon Policies. It should be noted that building administrators makes decisions regarding suspension, and recommendations for expulsion are made by the District's central administration. Thus, a teacher's decision to remove a student from class for behavior that violates the District's policies regarding suspension and expulsion may, but does not necessarily mean that the student will also be suspended or expelled.

(b) Behavior that violates the behavioral rules and expectations in the Student Handbook

The Student Handbook contains behavioral expectations for the individual schools in the District. These rules and expectations are generally explained and discussed with the students near the beginning of each school year. Such discussions should include an explanation of this Code, and the District's policy regarding removal.

(c) Behavior that is disruptive, dangerous or unruly

Notwithstanding any inconsistent or contrary provisions in the District's policies regarding suspension and expulsion, or in the Student Handbook, for the purposes of this Code the following behavior, by way of example and without limitation may be determined to be disruptive, dangerous or unruly so as to warrant removal from class:

1. Inappropriate physical contact intended or likely to hurt, distract or annoy others, such as hitting, biting, pushing, shoving, poking, pinching or grabbing.

2. Inappropriate verbal conduct intended or likely to upset, distract or annoy others, such as name calling, teasing or baiting.
3. Behavior that may constitute sexual or other harassment.
4. Repeated or extreme inappropriate verbal conduct likely to disrupt the educational environment, particularly when others are talking (e.g. lecture by teacher, response by other student, presentation by visitor) or during quiet (study) time.
5. Throwing any object, particularly one likely to cause harm or damage, such as books, pencils, scissors, etc.
6. Inciting other students to act inappropriately or to disobey the teacher or school or class rules, including without limitation inciting others to walk out.
7. Destroying the property of the school or another student. Loud, obnoxious or outrageous behavior.

(d) Behavior which interferes with the ability of the teacher to teach effectively.

Students are required to cooperate with the teacher by listening attentively, obeying all instructions promptly and responding appropriately when called upon. A student's noncompliance may, in turn, distract others either by setting a bad example or by diverting the class from the lesson to the student's inappropriate behavior. By way of example and without limitation, a student may be removed for behavior that constitutes:

- Open defiance of the teacher, manifest in words, gestures or other overt behavior
- Open disrespect of the teacher, manifest in words, gestures, or other overt behavior.
- Other behavior likely or intended to sabotage or undermine the instruction.

(e) Behavior that is inconsistent with class decorum and the ability of others to learn.

In addition, there may be grounds for removal for behavior which, though not necessarily violating the provisions of (a) through (d) [above], is inconsistent with basic classroom decorum. Such behavior may, in the determination of the teacher, warrant removal because of its interference with the ability of others to learn effectively. Such behavior may include, without limitation, sleeping in class, blatant inattention, or other overt or passive refusal or inability to engage in class activities.

2. WHAT ARE OTHER, NON-DISCIPLINARY REASONS FOR REMOVAL OF A STUDENT FROM CLASS?

In some cases, a teacher may believe that a student should be removed from the class for the good of the student and in the best interests of the class as a whole. Such reasons may, but need not, be disciplinary in nature, and include, for purposes of illustration and without limitation, irreconcilable personality differences or issues between the student and other students, or in rare circumstances, between the student and the teacher.

3. WHO MAY REMOVE A STUDENT FROM CLASS?

Any student may be temporarily removed from class under this Code by a teacher of that class. For the purpose of this Code, "student" means any student enrolled in the District, exchange student, or student visitor to the District's schools.

Any student may be removed on a long-term basis from a class based upon the request of a teacher as upheld and implemented in the discretion of the building administrator.

For the purposes of this code, a "class" is any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the District. This definition of "class" includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. "Class" also includes regularly scheduled District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, district sponsored field trips, after-school clubs, and sporting activities.

A "teacher" is any certified instructor, counselor, nurse or administrator in the employ of the district.

A "teacher of that class" means the regularly assigned teacher of the class, or any teacher assigned to teach, monitor, assist in or oversee the class. This definition includes, without limitation, any assigned substitute teacher, proctor, monitor, or group leader. Where there is more than one teacher in a class, any teacher may remove a student from

that class, upon informing the other teacher(s) of his/her intent to do so. It is advisable, though not absolutely required, that all teachers of a class assent to the removal of the student.

A "building administrator" means a principal of a school, or other individual duly designated by the building administrator or District Administrator.

4. WHAT PROCEDURES MUST BE FOLLOWED IN TEMPORARILY REMOVING A STUDENT FROM CLASS?

Except where the behavior is extreme, a teacher should generally warn a student that continued misbehavior may lead to temporary removal from class. When the teacher determines that removal is appropriate, the teacher should take one of the following courses of action:

- a) Instruct the student to go to the main office for the period of removal. In such case, the teacher should send a note with the student.
- b) Obtain coverage for the class and escort the student to the main office.
- c) Seek assistance from the main office or other available staff. When assistance arrives, the teacher or the other adult should accompany the student to the main office.

When the student arrives at the main office, the building administrator or designee should give the student an opportunity to briefly explain the situation. If the building administrator or designee is not available immediately upon the student's arrival, the student should be taken to the removal area, and the administrator or designee should speak to the student as soon as practicable thereafter. For the purposes of short-term removal, it is not necessary to obtain witnesses or to otherwise verify the student's or teacher's accounts of the situation.

Within twenty four (24) hours or one business day of the removal, whichever is longer, the teacher shall submit to the building principal or designee a short and concise written explanation of the basis for the removal. Such information may be submitted on a form provided by the building administrator or designee.

As soon as practicable, the building administrator or designee shall inform the student's parents that the student was removed from class. Such notice may be by telephone. The parents of the student shall be sent written notice of the removal postmarked within two business days of the removal. Such written notice shall specify the class from which the student was removed, the duration of the removal, and the basis for the removal as stated by the teacher. The building administrator or designee shall keep written logs or records regarding unsuccessful attempts to contact the parents in accordance with this provision.

5. WHERE SHALL STUDENTS BE SENT PENDING, AND DURING SHORT TERM REMOVAL FROM CLASS?

Students who are removed by their teachers must immediately and directly go, or be taken, to the main office. For the duration of the removal, the student shall stay in the short-term removal area. In the discretion of the building administrator or designee, the student may instead be sent to another appropriate class, program or educational setting, provided the student is supervised in such alternative setting. The building administrator should also take steps to ensure that the students are supervised while in the short-term removal area. In general, students should be required to do work of an academic nature while in the short-term removal area. Such work should ordinarily be related to the work in the class from which the student was removed, or may be related to the student's misconduct (e.g. writing an apology or account of the situation). In no event should students' time in the removal area be recreation or other free time.

6. HOW LONG SHALL A SHORT TERM REMOVAL LAST?

Removal is a serious matter, and should not be taken lightly either by the teacher or the student. In most cases, a student shall remain in the short-term removal area for at least the duration of the class or activity from which she or he was removed. Prior to allowing the student to resume his/her normal schedule, the building principal or designee shall speak to the student to determine whether the student is, or appears to be, ready and able to return to class without a recurrence of the behavior for which the student was removed. In the event it is not deemed appropriate to return the student to regular classes, the building administrator or designee shall either retain the student in short term removal, or, where necessary, appropriate and practicable, shall take steps to have the student sent home.

7. WHAT ARE THE PROCEDURES FOR LONG-TERM REMOVAL?

Long-term removal is an extremely serious step, which should not be undertaken hastily or for less than compelling reasons. Such a step could have profound consequences for the affected student and his or her class, as well as any new class or teacher to which the student may then be assigned. For these reasons, long-term removal should not ordinarily be considered or implemented except after a thorough consultation, including a thorough consideration of alternatives between the teacher(s) and the building principal or designee. For the same reasons, long-term removal should not ordinarily be considered on the basis of a single incident. Unlike short-term removal, the ultimate decision regarding long-term removal rests with the building administrator.

Where a teacher believes that the best interests of the student and/or the class require long-term removal, the teacher should so notify the building administrator in writing. Such statement should set forth as clearly and completely as possible (a) the basis for the removal request (b) the alternatives, approaches and other steps considered or taken to avoid the need for the removal; (c) the impact, positive and negative, on the removed student; and (d) the impact, positive and negative, on the rest of the class.

Upon receipt of such statement, the building administrator may, in his/her discretion, consult with the teacher and/or other District staff. In most cases, it is appropriate to inform and consult with the parents of the student, and the student, involved in the request for long-term removal. Following consideration of the teacher's statement and any other information, the building administrator shall, in his/her discretion, take one of the following steps:

- a) Place the student in an alternative education program as defined by law;
- b) Place the student in another class in the school, or in another appropriate place in the school;
- c) Place the student in another instructional setting; or
- d) Return the student to, or retain the student in, the class from which he or she was removed or proposed to be removed.

In any event, a student in long-term removal must continue to receive an educational program and services comparable to, though not necessarily identical with, those of the class from which he/she was removed. Such program need not be in the precise academic subject of the student's former class.

Long-term removal is an administrative decision not subject to a formal right of appeal. However, the parents of the student, and the student, shall have the right to meet with the building administrator and the teacher(s) who made the request for removal. Where possible, such meeting shall take place within three (3) business days of the request for a meeting. At the meeting, the building administrator shall inform the parents and/or student as fully as possible regarding the basis for the removal, the alternatives considered, and the basis for any decision. However, nothing in this Code shall prevent the building administrator from implementing a removal to another class, placement or setting prior to any meeting, and notwithstanding the objection of the parent(s) or student.

8. WHAT DISCRETION OR FLEXIBILITY IS APPROPRIATE FOR INDIVIDUAL TEACHERS, ADMINISTRATORS AND SCHOOLS?

It is expected that administrators and teachers will meet prior to the implementation of this Code to arrive at a consensus regarding how its provisions should be interpreted and applied. However, this Code, and the procedures regarding removal, are intended primarily as tools to assist teachers to maintain an appropriate educational environment in their classes. Therefore, different teachers may have somewhat different views and practices regarding removal of students from their classes, either long- or short-term.

Similarly, there are many, clear differences between the needs and practices of schools serving different grade levels. Just as there are different behavioral expectations for elementary and high school students, the standards for removal may well differ from one school, grade or class to the next.

Teachers and administrators of each school are encouraged to discuss their individual views, philosophies and practices regarding removal of students.

9. TO WHAT EXTENT IS REMOVAL APPLICABLE TO STUDENTS IDENTIFIED AS DISABLED UNDER THE IDEA?

Some different rules and considerations apply for students identified as requiring special education services under the IDEA or Section 504. In particular, placement for such students is a decision of the student's IEP team, subject to stringent procedural safeguards, and cannot be made unilaterally by teachers or the administration. In addition, most students covered by the IDEA should have a behavior plan, which will address (a) whether and to what extent the student should be expected to conform to the behavioral requirements applicable to non-disabled students;

and (b) alternative consequences or procedures for addressing behavioral issues. It is highly advisable that all IEP teams address these issues, and this Code, at least annually, setting forth the consensus of the IEP team regarding behavioral expectations and consequences.

Notwithstanding these issues, students identified as requiring special education services under the IDEA or Section 504 may, in general, be temporarily removed from class under the same terms and conditions as non-disabled students.

For the reasons noted above, no change in placement for more than ten (10) school days may be made for a student with disabilities outside of the IEP process. This ten (10) day limit applies to out of school suspensions as well as days of removal.

PUBLIC CONDUCT ON SCHOOL PROPERTY

Because of the Rosendale-Brandon School Board's concern for student safety and damage to District property, the following policies will be strictly enforced. Persons violating these policies will be referred to law enforcement officials for prosecution.

POLICY 831

PUBLIC CONDUCT ON SCHOOL PROPERTY

No person on school property shall:

- Injure or threaten to injure the person of another.
- Damage the property of another or of the District.
- Conduct him/herself in such manner as to impede, delay, or otherwise interfere with the orderly conduct of the educational program of the District or any other activity taking place on school property which has been authorized by the Board of Education, district administrator, building principal or other authorized District employee.

- Violate other rules and regulations adopted by the Board or administration designed to maintain public order on school property.

Individuals who violate this policy are subject to police referral or other legal action. In addition, students who violate this policy will be subject to suspension or expulsion pursuant to the provisions of state law or other appropriate penalties as may be determined. Suspension and expulsion proceedings for students shall be governed by current State statutes.

**POLICY 831.2
WEAPONS ON SCHOOL PREMISES**

No person shall possess or use a weapon or look-alike weapon in school buildings on school premises, in a District-owned vehicle or at any school-sponsored function or event.

A weapon is defined as a firearm (loaded or unloaded), knife, razor, martial arts device, explosive device, metal knuckle or any other object, which is used or intended to be used to inflict bodily harm. According to current State Statutes a look-alike weapon is defined as a toy gun, water gun, nonworking replica of a weapon, cap gun, popper, war souvenir or any other object which could reasonably be mistaken for an actual weapon regardless of whether it is manufactured for that purpose.

The following are two exceptions to this policy:

1. Weapons under the control of law enforcement personnel; and
2. Weapons that are registered and handled in a legal manner for the purpose of education as authorized by the principal.

Weapons or look-alike weapons confiscated from a student shall be reported to parents/guardians and to law enforcement authorities, and disciplinary measures shall include a written record of the immediate suspension and referral at the principal's discretion to the Board of Education for possible expulsion from school.

Employees violating this policy shall be disciplined in accordance with employee policies and bargaining agreements and shall be referred to law enforcement officials for prosecution.

Any other person violating this policy shall be referred to law enforcement officials for prosecution.

This policy shall be published annually in all District student and staff handbooks.

DANGEROUS ITEMS

(as defined in Wisconsin State Statutes)

For obvious reasons firearms, military devices, explosives, smoke or fire producing items, knives, or other weapons should never be brought to school or on the bus. If a student wishes to use such an item for a class project or demonstration, he/she must obtain authorization from the principal in advance. Violation of the above policy will result in severe disciplinary action, and possible expulsion. Violators will also be referred to the proper legal authorities.

**POLICY 831.3
TRESPASSING ON SCHOOL DISTRICT PROPERTY**

It is the policy of the School District of Rosendale-Brandon that no unauthorized person shall enter or remain on land owned by the school district.

6. Persons using lighted play areas

This policy shall be published annually in all district student and staff handbooks.
