**YOUR PARENT POWERSCHOOL ACCOUNT** – Not so long ago, we asked you to create a Single-Sign-On account so that you can view all of your children's PowerSchool accounts with only one log in, rather than having one for each child. That enabled you to see your child's attendance, grades and fees. Now, PowerSchool has migrated those items with your child's classwork. It's called Unified Classroom. We ask that you take a moment to create a new account that will enable you to see all these things, again with just one log in. To get started, [watch this 4 minute video](#) that explains how to do so, then [go to the district website](#) to begin the process.

- This process also pertains to parents who only have one child attending our schools.
- Access to PowerSchool is no longer possible. All access is now via Unified Classroom.
- Parents who are also staff members must use a personal email address when creating this account.
