Lambeau Field 4th Grade Field Trip

Submitted by Fourth Grade Teacher Kathy Torgerson

Rosendale Intermediate's fourth graders enjoyed a wonderful day on Friday, September 28, at Lambeau Field! They went through a fact-filled-tour of the stadium, and enjoyed learning about many of the historic highlights presented in the Hall of Fame!

The historical tour started in "1919" with our guide discussing the importance of discipline and hard work, and how they played a huge role that helped this team become champions throughout their time! These are characteristics that Vince Lombardi brought to the field back then, and he took them very seriously. The guide also related the importance of discipline and hard work to the kids while at school. He helped them understand that this fame was not a simple overnight change, but it took years and years of hard core practice just like school does! This is where the kids also met Curly Lambeau! He is a huge statue, but nonetheless a very important person and contributor to that fame!

Moving on the tour we went up to the box seats! As each child sat down in their own seat, they were in awe of the sight of the field down below! This is where the tour guide brought in the fact that the Packers are owned by the people.

Once they escorted us all out of the fine box seats, we went way...way...way down below to walk through the tunnel toward the field. They heard the same announcer as the Packers hear when they exit the tunnel for every home game!

On the field, the kids had to do the famous "GO, PACK, GO!" cheer! They screamed it so loudly that it echoed right back to them! Students enjoyed their lunch period at Titletown District as they were able to play on the football field, playground, and games that were available.

We also visited the Hall of Fame. To start off, they viewed a short film that re-visited games and historical moments for the Packers from 1919 to present! The kids were able to view many things including Vince Lombardi's office, four Super Bowl trophies, and the super bowl rings. All thirteen championship games were also there for their viewing pleasure. They were able to see all the Hall of Famers that are up on the walls, and each one had a button to push so you could hear about their history and connection to the team.

Overall, it was a fun-filled day learning about the Packers!
