NOTICE OF NON-DISCRIMINATION POLICY

The Rosendale-Brandon School District, in accordance with state and federal law, does not discriminate because of the person's sex, race, color, religion, gender, sexual orientation, age, national origin, ancestry, creed, disability, military or veteran status, political affiliation, pregnancy, marital or parental status, physical, mental, emotional or learning disability or hardship, or other basis prohibited under state and federal law, in its educational and employment policies and practices.

ATHLETICS

All students in grades 9-12 are invited to take part in any boys' or girls' sport if they are eligible. A sports fee is assessed

to each student for each sport in which he/she participates. Students interested in participating in sports should obtain a WIAA physical or alternate card and “Athletic Code” from the Athletic Director or a secretary. Boys’ sports this year will be soccer, football and cross-country in the fall; hockey, basketball and wrestling in the winter; and track, golf, and baseball in the spring. Girls’ sports include volleyball, cross-country and dance team in the fall; basketball and dance team in the winter; and soccer, track, golf, and softball in the spring. We are in the Flyway Conference that consists of the following schools: Laconia, Lomira, Mayville, North Fond du Lac, Omro, St. Mary Springs, and Winnebago Lutheran Academy.

Attendance Policy- An athlete must be in attendance at school for the full school day to be eligible to participate in athletic games or athletic practices. The only exceptions will be in the case of an emergency, a pre-excused absence, or permission from the high school office.

HELP MAKE ATHLETICS FUN!

BE COURTEOUS - To the teams, officials and visiting fans. They are our guests.

BE ENTHUSIASTIC - By ‘rooting’ for your own team, not by ‘booing’ the opponents or officials.

BE A GOOD SPORT - By giving all-out support to your favorite team before, during, and after games.

BE FAIR - Have confidence in the honesty and integrity of the officials. Remember they are neutral while you are partisan.

BE COOPERATIVE - Don’t walk on the courts. Stay back from the sidelines. Don’t yell during free throws.

BE A GOOD FAN - This is a game with a respected opponent, not a fight with a bitter enemy.

ATHLETIC CODE

PHILOSOPHY AND OBJECTIVE

The Rosendale-Brandon School District believes that athletics are an important part of education and that a variety of sports should be offered for both boys and girls. Participation in athletics is a privilege. Athletes must learn to follow established rules of conduct, training, and grooming, and to learn to work with others so they are a credit to themselves, their families, the school, and the community. Laconia athletes are expected to conduct themselves with pride in their efforts, regardless of winning or losing, and to realize that the teams we compete against are composed of people who also will be giving their best.

RESPONSIBILITIES OF ATHLETES

The privilege of participating in the Rosendale-Brandon School District athletics program is extended to all students provided they are willing to accept certain responsibilities. The greatest responsibility is to uphold the honor of the school and community at all times, both on and off the field of play. Therefore, it is expected that all athletes:

1. Display good citizenship
2. Display good sportsmanship
3. Display respect for those in authority, including officials of the school and on the field of play.
4. Follow the rules of the coaches, this handbook, and all the WIAA regulations. Flagrant violations of these expectations will be presented to the Athletic Director/Head Coach for appropriate action. Penalties will be based on each individual situation. The action taken by the Athletic Director/Head Coach may or may not involve suspension.

ELIGIBILITY RULES

Wisconsin Concussion Law Act 172 - Statute 118.293**Summary**

The law requires all youth athletic organizations to educate coaches, athletes and parents on the risks of concussions and head injuries and prohibits participation in a youth activity until the athlete and parent or guardian has returned a signed agreement sheet indicating they have reviewed the concussion and head injury informational materials. The law requires immediate removal of an individual from a youth athletic activity if symptoms indicate a possible concussion has been sustained. A person, who has been removed from a youth athletic activity because of a determined or suspected concussion or head injury, may not participate again until he or she is evaluated by a healthcare provider and receives written clearance from the health care provider to return to the activity.

“At the beginning of a season for a youth athletic activity, the person operating the youth athletic activity shall distribute a concussion and head injury information sheet to each person who will be coaching that youth athletic activity and to each person who wishes to participate in that youth athletic activity. No person may participate in a youth athletic activity unless the person returns the information sheet signed by the person and, if he or she is under the age of 19, by his or her parent or guardian.”

No student who is dropped from one squad for disciplinary reasons shall be eligible to compete in another sport during the same season.

A student may go out for only one sport per season. This also includes dance team. If the number of athletes trying out for a sport is more than the facilities and equipment can accommodate, selections will be made on the basis of ability shown.

Squad Selection Policies

Choosing the members of athletic squad is the sole responsibility of the head coach of that sport. Prior to trying out, the coach will provide the following information to all candidates for the team:

1. Extent of try-out period
2. Criteria used to select team
3. Number to be selected
4. Practice commitments if they make the team
5. Game commitments

When squad cuts become a necessity each candidate will be personally informed of the cut by the coach.

Extracurricular Eligibility Policies

1. With the exception of the fall sports rule, the other sports “eligibility” rules would read: “for one letter grade F an athlete would go on a (15) fifteen school day (and night) academic “probation” with eligibility to play/practice. If student is not passing ALL classes after the (15) fifteen school day (and night) “probation,” the student becomes ineligible for one more (15) fifteen school day (and night) period”. “The athlete will be able to practice but not participate or suit up for any games, matches or meets. If not passing all classes by the end of the next 15 day period, athlete becomes ineligible until the next grading period.”
2. Failure in more than one academic class at the end of a grading period will result in 28 school days of ineligibility. An athlete can become eligible after this period only if they are passing all classes at that time. Otherwise, he/she will remain ineligible for the remaining portion of the quarter.

EXCEPTION FOR FALL SPORTS:

The ineligibility status is for students in fall sports in which the date of earliest allowed competition is before the first day students are in class. The minimum ineligibility period shall be the lesser of (a.) 21 consecutive calendar days beginning with the date of earliest allowed competition in a sport or (b) one-third of the maximum number of games/meets allowed in a sport (rounded up if one-third results in a fraction).

Residence and Transfer (WIAA Handbook)

1. You must have enrolled by the 17th day of your present semester.
2. You must have completed all work below grade nine. You cannot be in your ninth (or more) semester of high school. Your seventh and eighth semester must be consecutive, and you cannot compete more than four years in a sport.
3. You must be a legal resident of your school district. You and your parent/guardian must be physically residing in your school district, and your parent/legal guardian must consent to your participation.
4. Under this rule a student who transfers after the beginning of the school year shall be ineligible for varsity level competition at the new school unless the Board of Control in accordance with the waiver provisions grants approval.

These additional provisions relate to transfer cases:

1. A student who transfers from any school into a member school, unless the transfer is made necessary by a total change in residence by parents, must do so before attending one or more days of school or one or more athletic

practices at the school the student is leaving. If not, the student is ineligible for any level competition for the remainder of that school year, but may participate in practices.

2. Beginning in 2018-19, a student who transfers from any school into a member school after the sixth consecutive semester following entry into Grade 9 shall be ineligible for practice and competition for one calendar year, unless the transfer is made necessary by a total change in residence by parent(s). The calendar year will be determined from a student's last day of attendance at school and/or last day of attendance at athletic practice.
3. With written consent from both schools directly involved, a first time transfer student shall be eligible for non-varsity competition only for the duration of the school year, unless a waiver is provided.
4. A student who transfers more than once in any given school year shall be ineligible for all interscholastic competition for the remainder of that school year.
5. A student who transfers from any school, whether or not a member school, with a status of ineligibility for disciplinary reasons, academic reasons and/or as a result of another State Association's regulation or sanction retains such status at his/her new school for the same period as decreed by the former school.
6. No eligibility will be granted for a student whose residence within a school's attendance boundaries, with or without parents, or whose attendance at a school has been the result of undue influence (special consideration due to athletic ability or potential) on the part of any person, whether or not connected with the school.

It continues to be the WIAA recommendation that schools should consider all transfer students to be ineligible until the Athletic Director has been able to confirm that eligibility requirements are met.

- A. A full time student may be afforded up to eight consecutive semesters of interscholastic eligibility upon entry into Grade 9. Transferring schools at any time may result in restrictions being imposed on eligibility, or in some cases a denial of eligibility. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.'
 - 1) A student who transfers from any school into a member school after the sixth consecutive semester following entry into Grade 9 shall be ineligible for competition at any level for one calendar year, but may practice, unless the transfer is made necessary by a total and complete change in residence by parent(s)/ The calendar year (365 days) will be determined from a student's first day of attendance at the new school.
 - 2) Unless transfer, including an accompanying total and complete change of parents residence, is effective at the outset of a semester, a student cannot establish eligibility at his/her new school until the fifth calendar day of such transfer.
 - 3) A student may not have eligibility in more than one member school at the same time. A parent or parents who move from a primary residence within one school's attendance boundaries, to a secondary residence within another school's attendance boundaries, may be required by the Board of Control to provide evidence of a total and complete move.
 - 4) A student who transfers due to expulsion or removal for disciplinary reason from the previous school is ineligible for the length of the expulsion as determined by the previous school's Board of Education.

CODE OF CONDUCT FOR ATHLETES

Training rules are a matter of self-discipline. An individual's best performance is possible only after the body and the mind have been conditioned through a regular training routine. This code is to be followed by all participants in athletics and also by those seeking reinstatement after suspensions or rulings of ineligibility. There shall be:

1. No use or possession of drugs prohibited by law. No use or possession of illegal drugs, look-a-like drugs or controlled substances.

2. **The WIAA is against the use of anabolic-androgenic steroids and other performance enhancing substances (PES). Member schools shall devote time each year to positive programs that highlight prevention and education of the risks, benefits and adverse effects of PES. Coaches, teachers, sports medicine staff and school administrators who ignore or encourage the use of PES, provide and/or sell PES to athletes (including indirect distribution through a third party) shall be subject to their own school's provisions regarding discipline.**
3. No smoking / possession of smoking materials or use /possession of tobacco in any form. No smoking/possession or use of tobacco products, or look-a-like tobacco products including electronic cigarettes, or similar devices.
4. No drinking / possession of alcoholic beverages.
5. No convictions of misdemeanors / felonies.
 - A. A student, upon being charged and/or convicted of a felony, is ineligible for all participation until the student has satisfied all of the requirements ordered by the court in declaring a sentence served, including probation, community service and any other court orders.
6. No theft/stealing.
7. Health and Behavior/Compliance (WIAA Handbook)
 - A. Victims of sexual assault and bystanders who report a sexual assault, request emergency assistance, cooperate with and assist law enforcement, and stay on the scene or who encounter law enforcement at a medical facility at which the victim is being treated cannot be issued a code of conduct violation. The victim or bystanders must meet the State Amnesty Law Requirements. The victim may not falsely claim amnesty knowing that the situation that he or she reports does not exist.

An athlete will be suspended for each individual infraction of the code. (i.e. If a student was drinking, smoking, and also convicted of stealing, that would be 3 infractions and that athlete would be suspended for 180 school days.)

A student who transfers from any school, whether or not a member school, with a status of ineligibility for disciplinary reasons and/or as a result of another State Association regulation or sanction, retains such status at his/her new school for the same period as decreed by the former school.
