2020 Eldorado Community Picnic & Parade Event Cancelled!

Submitted by Terry and Marcie Waterworth

We are sad to announce that the July, 2020 Eldorado Community Picnic & Parade is being cancelled for this year due to the uncertainty and social distancing caused by the COVID-19. It was a hard decision to make, but one our Joint Committee agreed was imperative not only for the safety of our community but also all our volunteers.

The Eldorado Lions Club does plan to have a “BBQ Chicken Dinner” with curbside pick-up only. Please watch for further details for pre-ordering.

We do ask you to continue to support all of our past “Event Sponsors!” They have been there for all of us and not it is our time to support them.

Please stay safe and healthy and enjoy a “quieter” summer!

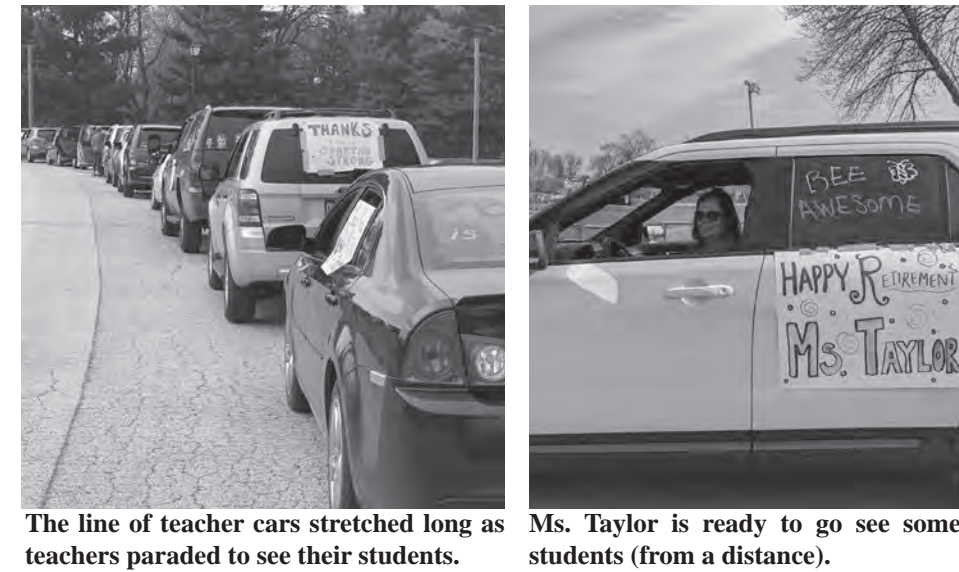

Brandon School Staff Parade

Submitted by Sue Fellerer

This school year has been full of challenges that have never been experienced before. With the move to online learning, teachers needed to find alternate ways to not only instruct, but maintain contact with their students. While video chats have been the go-to format for contact, the teachers and staff at Brandon School got together (via a Zoom video) and decided that overall, we were missing our students’ smiling faces and wanted to do something to show the students that they were missed and were in our thoughts. The idea that was decided upon? A parade!

Through a lot of online planning and organizing and stressing the importance of maintaining social distancing, the staff at Brandon School participated in a parade to say “thank you” to our students and families for all of their hard work and support. When the day arrived, it was bittersweet. Cars arrived early to line up, each decorated with well-wishes and inspiration messages for the students. Over 35 cars participated in the parade, which was held on Wednesday, May 14th. It was sweet seeing students “in person”, but it was also bitter because it reinforced the distance that has occurred using online learning and how much we missed seeing them every day in our classrooms.

The teachers and staff truly miss our students. We are thankful for the ability to still reach out and have contact with our students and their families online, but it does not replace the love, fun, and experiences found in the classroom. The parade was a great success! The teachers and staff were able to not only see each other, but were able to enjoy all of the smiling faces of our students and their families.

Students of the Month

Rosendale Intermediate, May 2020

During the month of May, Rosendale students were recognized for **TEAMWORK**. This student is a leader and role model by being a team player. Some examples include having good sportsmanship, participating in class projects, cooperating with others, including others, and having a positive attitude.

Graham Hansen, 4th
