## LHS Badger Boys and Girls State Representatives

Submitted by Laconia High School Counselor Molly Serum

Each year, juniors from all over the state of Wisconsin are invited to apply to represent their school as a Badger State Representative, which is hosted by the American Legion Auxiliary. At this practical civics conference, students learn about state government by actively participating in it. Students must meet certain academic requirements to be invited to apply and show an interest in the political sciences. Once students submit their applications, school staff votes for who will represent their school at the event.

This year, Laconia High School is proud to announce our delegates for the 2020 Badger Boys State and Badger Girls State conferences. They are Mitchell Kastein for Badger Boys State, and Nora Alsum for Badger Girls State, with Jaden Gosse also chosen as an alternate for Badger Girls State. Normally, this is a week long experience for students and is an exciting and educational opportunity for all who attend. Unfortunately, both Badger Girls State and Badger Boys State were cancelled this year due to the current status of the health concerns in our world.

We would like to congratulate all of our representatives this year, despite not being able to attend. We know you would have represented LHS very well!
