

Long Range Master Planning Rosendale-Brandon School District Facilities Advisory Committee

APPLICATIONS DUE NOVEMBER 13, 2020

As an important step in the Rosendale-Brandon School District (District) Long Range Master Planning activities, the District is convening a Facilities Advisory Committee (FAC). Together with the District staff resources, architectural firm and construction management firm, this committee, composed of District School Board members and public representatives, will focus on developing a Long Range Master Plan that aligns the District's current reality, strategic direction and the community's desired future state of facilities.

The committee will give thoughtful consideration to the Facilities Condition Assessment and Educational Space Analysis to plan for the future of the District.

To ensure that multiple stakeholder groups are represented on the committee in addition to the elected School Board members, the District has created representative seats. All interested parties are invited to apply and are asked to identify which seat they would like to represent. If more than one person applies for a seat, a random drawing will be held to fill the seat. It should be noted that all who seek to participate will have involvement opportunities throughout varying phases of the process.

Eligibility Requirements:

- Must be 18 years or older
- Must not be a current Rosendale-Brandon School District student or staff member
- Must be a Rosendale-Brandon School District resident

All Facilities Advisory Committee members are asked to commit to:

1. Attend at least nine out of the scheduled eleven meetings. (Meetings will last approximately 2 hours.)
2. Serve as a liaison to the section of the community your seat represents. This may require additional time between meetings to gather input from the community.

Timeline:

November 2020 – November 2021

2020 Selection:

November 13: Applications for Facilities Advisory Committee due to the District
November 17-19: Confirmation/commitment of selected Facilities Advisory Committee members

2021 Meetings (Tentative):

- January: FAC kickoff meeting and adoption of FAC Charter
- February-October: FAC works with consultants to identify and prioritize solution options for long range facilities plans.
- June - August: FAC will work with consultants to develop a community survey.
- September-October: Community survey distribution and results analysis.
- November: The FAC will finalize their recommendation for long range facilities plans. Based on the recommendation, there may be future engagement opportunities for the committee.
